## WEDDING PHOTOGRAPHY

A wedding is the ceremony in which two people are united in marriage. Wedding traditions and customs vary greatly between cultures, ethnic groups, religions, countries, and social classes. Most wedding ceremonies involve an exchange of wedding vows by the couple, presentation of a gift, and a public proclamation of marriage by an authority figure or leader. Special wedding garments are often worn, and the ceremony is sometimes followed by a wedding reception. Music, poetry, prayers or readings from religious texts or literature are also commonly incorporated into the ceremony. It is a time to celebrate love, joy, friendship, and family, Golden Camera will work hard to make sure your photos and video express these moments.

"The beauty of a woman must be seen from  
in her eyes, because that is the doorway to  
her heart, the place where love resides."  
*Audrey Hepburn*
